Supply of file Boards.

S File No. 6 of 1935 | General and Revenue Secretariat.

Serial No.

As per G.O. of 29.10.04 (Vide para 47, page 73 of the Stationery Manual, Annexure II, part III) the supply of file boards not exceeding 100 is being made to each Head of office or Corresponding or above the grade of D.C occasionally, and annually to G.P.S. + on special requisition from the Palace and Dewan's office. Once in two years a supply of 250 file boards is being made to each of the Secretaries to Govt. P.W., Rys: and Elect Depts: as an exception to G.O. 29.x.04 cited above. (Vide supply para 47 (c) page 73 of the Manual G.O. of 5/6.10.37)

Besides this, supply is being ordered to several offices by Govt. as a special case every now & then.

The Suptdt. feels, it is necessary that to have a standing order giving full particulars of all offices which are entitled to get a supply of file boards with the quantity and the period of supply.

He also states that the Peon is not aware of the aggregate quantity of file boards

20 at present, a supply of 100 file boards once in 2 years is being made to offices of & above the rank of Dy. Commissioners, file boards being supplied to ours also under G/I. Section. The Press Committee have retained that the offices Entitled to get the supply be given the no. required by them as an initial supply & subsequent supplies made annually for replacements not exceeding 100 per year. As all the offices Entitled to the supply are getting them now the question of initial supply does not arise. Even for the latter the 2nd quality of file boards is found lasting & may perhaps do. The Supdt. may perhaps be asked to indicate the no. of file boards to each office that may be supplied annually in addition

Subject: SUPPLY OF FILE BOARDS.

Replied 20-6-39-40. In continuation of this office letter No.234, dated 18th July 1939 on the subject, I have the honour to state that sample file boards of two kinds with a note were placed before the Press Committee in their meeting held on 4th December 1939 and a copy of the note and of the resolution are enclosed for kind reference. The Committee ~~are~~ is of the opinion that an initial supply of f i l e boards first or second quality may be made to all offices to which supply of file boards are being made now and subsequent annual supply which must be of the nature of replacement be limited to - 100 file boards to each office and the cost of this recurring supply being provided for in the budget estimate of the Government Press under "Stationery and Printing."

In this connection, I may submit for information of Government that a supply of 100 file boards once in two years ~~are~~ is being made to offices of and above the rank of the Deputy Commissioner (G.No.2348-87/G.F.45-03-04, dated 29-10-04) and Government in their order No.G.1034-8/P.& S.91-36-2, dated 6-8-1937, directed that 250 file boards might be supplied once in two years to the Secretary to Government, Public Works Department and the Secretary to Government, Railway ~~Department~~, and Electrical Departments in addition to annual requirements of the Palace and General and Revenue Secretariat. Besides, supply of file boards is being made to several other offices also as per special sanction of Government received from time to time. I consider that it is necessary to have a standing order giving full

full particulars of all offices to which supply of file boards has ~~have~~ to be made with quantity and the period.

The Government Press is not at present aware of the aggregate quantity of file boards required to meet the initial supply of all offices as recommended by the Press Committee and this information has to be called for. Regarding the recurring annual supply, I may state that there are about 100 to 120 offices of and above the rank of the Deputy Commissioner and about 12,000 file boards with a cost of about Rs.1,000/- are required to be prepared and supplied in addition to about 2,500 and 500 special file boards with an aggregate cost of Rs.300/- required by the General and Revenue Secretariat, including the Dewan's Office and the Palace, respectively. If the Press Committee's proposals are sanctioned additional annual grant of Rs.1,300/- has to be given to the Stationery Depot, excluding the amount required to meet the cost of initial supply which may easily total up to thousands of rupees.

I have the honour to be,

Sir,

Your most obedient servant,

Secretary,
Press Committee.

V. SUPPLY OF FILE BOARDS.

It was proposed to supply 100 file boards annually to offices of and above the rank of the Deputy Commissioners with an aggregate cost of Rs.1,300/- per year including the value of about 2,500 and 500 file boards to be supplied annually to General and Revenue Secretariat and the Palace respectively. ~~The~~ Samples of cheaper qualities of file boards were also placed for inspection, as desired in the previous meeting of the Committee.

RESOLVED that it is necessary that offices entitled to get the supply of file boards be given the number of second quality file boards required by them as an initial supply and subsequent supplies be made annually in the nature of replacements not exceeding 100 file boards per year. (This does not apply to the requirements of the General and Revenue Secretariat and the Palace).

Further RESOLVED that the grant under Government Press "Stationery and Printing" be enhanced to the extent of the value of the initial supply of file boards.

SUPPLY OF FILE BOARDS.

The question of supply of File Boards was placed before the Press Committee on 9-5-1939, as desired by Government and it was resolved that two kinds of File Boards, i.e., one of existing kind and the oth of a cheaper variety be prepared and placed before the Committee with the following information:-

(a) Number of file boards now supplied annually with cost.

(b) Number required to meet the demand and comparative cost of two kinds of file board proposed above.

(c) Number of offices need not be printed on the file boards but separate slips with names may be printed and supplied to each office. (Resolution No.IV).

(a) During the year 1936-37 and 37-38 the aggregate number of file boards supplied was 3873 an 3655, respectively (including General and Revenue Secretariat). The actual cost of these is not available.

(b) Number of offices to which file boards are to be supplied is not fixed. The standing orders indicated that file boards may be supplied to offices of and above the rank of Deputy Commissioner at the rate of 100 each once in two years. This rule is not strictly followed. In many cases sanction have been accorded to supply them to lower offices. The period of supply is not also strictly adhered t Therefore it is not possible to say the exact number of boards required annually. A rough estimate of number of officers of and above the rank of Deputy Commissioners comes about 120. Taking 100 file boards per year to be supplied to each office 12,000 file boards are required per year. This doe not include General and Revenue Secretariat's suppl About 2,000 to 2,500 file boards have to be supplie

of this works up as

(2) Existing kind 2,500 @ Rs.11/- .	.. ..	" 275-0-0
(3) The Palace requirements has also to be included at the rate of about 500 per year.	.. ..	" 55-0-0
	Total..	1,290-0-0

If supply has to be made annually as suggested above, the provision made in the Budget estimate under Stationery has to be increased by Rs.1,000/-.

SIR,

Subject: SUPPLY OF FILE BOARDS.

With reference to your letter No.A.F.5158/P.& S.6-39-21, dated 28th March 1940, calling for some information on the subject, I have the honour to report as follows:-

(1) Three kinds of file boards, i.e., ordinary file boards, file boards with calico ~~boards~~ borders and flap file boards (big and small), are being supplied to several offices as per details noted in the statement enclosed. As detailed in the statement the supply is free of cost in many cases and in about 14 cases the cost of supply is being recovered. The statement gives further details in respect of number of file boards of different kinds supplied annually including special supply and supplies made occasionaly to several offices free of cost and on payment. The cost of 1,150 file boards supplied annually (including special supply) works up to Rs.1,380/- and cost of 4,325 files boards supplied occasionaly comes to Rs.522/-. The cost of supplies made to paying departments (1,900 file boards) works up to Rs.226/- About 4,000 flap file boards (big and small) are supplied at a cost of Rs.1,062/-. The cost referred to above does not include overhead charges.

(2) The cost of sample file Boards No.1 and 2 sent with this office letter No.3047, dated 30th January 1940 was estimated to be Rs.9 and Rs.12 per 100, respectively. These rates do not include

include overhead charges. No proposal was submitted in respect of Flap file boards big and small as they were supplied specially to the General and Revenue Secretariat and to the Palace. But, owing to the international situation the cost of materials has increased and as per prevailing rates the cost of these kinds of file boards works up to Rs.15/- and Rs.18/- per 100, respectively, excluding the overhead charges.

(3) The cost of present supply has already been furnished in para 1 supra. The Press Committee recommends that an initial supply of file boards, first or second quality may be made to all the offices to which supply of file boards are being made now and subsequent annual supply which must be of the nature of replacement, be limited to 100. file boards to each office. As stated in the last para of my report No.3047, dated 30-1-1940, this office has no information in respect of number of file boards required to meet the initial supply and therefore it is not possible to furnish the cost thereof. The cost of annual supply to be made to about 100 to 120 offices as per prevailing rates works up to Rs.4,100/- as detailed below. This does not include the cost of flap file boards big and small supplied only to some offices.

		Rs.
1. General and Revenue Secretariat.	I class 10,000 @ 18-0-0 per 100 ..	Rs.1800/-
2. Other offices at 100 file boards each	II class 12000 @ 15-0-0 per 100..	" 1800/-
3. The Palace.	I class 1000 @ 18-0-0 " 100..	" 180/-
4. Other Paying Dept.	II " 2000 @ 15-0-0 " 100..	" 300/-
	Total.	4080 or - 4100/-

The cost does not include overhead charges. If the Press Committee's recommendation is approved a sum of Rs.2000/- has to be provided for in the Press Budget annually over and above the provision now made to meet the existing demand as the

ie cost of present supply excluding the overhead charges works up to Rs.2,100/-. It is not possible to give effect to the recommendation of the Press Committee with the existing grant of the Government Press as it is quite inadequate to meet the current demand.

Regarding the initial supply of file boards ~~if approved~~ information will be called for, if approved from several offices regarding the number of file boards initially required to suit the volume of business in each office and a detailed report submitted to Government for orders, regarding the additional grant required to give effect to the recommendation.

Subject:- SUPPLY OF FILE BOARDS.

PDS 6-39-29

With reference to your letter No.A.F.2573/P.& S.56-39-28, dated 8th November 1940, on the subject, I have the honour to state that according to the present scale of supply each office gets only 50 file boards per year. The members of the Press Committee were of the opinion that each office of the rank of the Deputy Commissioner and above will have generally more than five to six hundred files pending and in many cases, files are submitted to them tied with threads or tapes for want of file boards and it is inconvenient to deal with pending files without proper file boards. The question of enhancing the rate of annual supply to 200 file boards or even more, was suggested by some of the members and on explaining the heavy recurring cost to be incurred by the Stationery Depot on account of enhanced supply, the Committee finally came to the conclusion that an initial supply, to meet the normal requirements of each office, may be made and the annual supply which will be generally be in the nature of replacement of old ones, should be limited to 100 file boards to each office.

Regarding the number of File boards required to meet the annual replacement of supply, I beg to invite kind reference to para 3 of my letter No.787, dated 13-9-1940, in

1. General and Revenue Secretariat and allied offices. ..	10,000

which,
in accordance with 25,000 file boards are required to be supplied annually by the Stationery Depot as per details given in the margin.

SIR,

Subject:- SUPPLY OF FILE BOARDS.

With reference to your letter No.A.F.6429/P&S.6-39-31, dated 6th March 1941, enquiring whether an additional provision of Rs.1,000/- in the Press Budget will not do for the purpose instead of Rs.2,000/- asked for,etc., I beg to report that as stated in detail in para 1 of my report No.787, dated 13-9-40, the cost of existing supply of file boards which is at present met out of the grant given in the Press Budget works out to Rs.3,190/- as detailed below:-

		Rs.
(i)	Annual, including special supplies made to offices free of cost. ..	1,380/-
(ii)	- do - for occasional supplies as per orders from time to time. ..	522/-
(iii)	Supplies made to the Paying Departments. ..	226/-
(iv)	Cost of flap file boards big and small supplied to General and Revenue Secretariat and the allied offices, etc...	1,062/-
	Total item No.1 to 3	2,128/-
	= do = 4	1,062/-
	Grand Total.	3,190/-

This does not include over-head charges and represents only actual wages and the cost of materials.

2. If as recommended by the Press Committee, the scale of supply has to be increased, the total cost of file boards excluding flap file boards, big and small supplied to the General

General and Revenue Secretariat and other allied offices works ~~up~~ out to Rs.4,100/- (for only labour and materials) as explained in detail in para 3 of my letter dated 13-9-40, referred to above.

3. I, therefore, beg to submit that if the scale of supply recommended by the Press Committee is approved, an additional annual grant of Rs.2,000/- is quite necessary to meet the cost of labour and materials. Four thousand and one hundred rupees referred to in para 2 supra does not include cost of flap file boards which is being met out of the normal grant of the Press as no change is proposed for the same.

4. I beg that this sum (Rs.2,000/-) may kindly be provided for in the next year's budget 1941-42, so that the recommendation of the Press Committee may be given effect to from the next official year.

I have the honour to be,
